## About APA SPCA:

Our economy has affected everyone, and many pet owners have been hit hard.

This can sometimes result in the loss of their beloved pet or pets.

One of our organizations greatest concerns is people that have a financial emergency, followed by a medical emergency for their pet. Many times the lack of financial resources leads to the terrible decision of having to put their pet down solely due to their inability to pay for the pets medical needs. This is an unthinkable event that no pet owner should ever have to face.

**Our Emergency Veterinary Assistance Program is addressing this need.**

Our organization is also developing programs that include foster care for military personnel and victims of domestic abuse, our Volunteer Educator Program designed to tactfully get responsible pet owning information to pet owners needing but not seeking advice, spay and neuter programs that allow pet owners to take an active role in paying for their pets population control as well as other programs.

The APA SPCA is a semi national 501(c)3 non-profit companion pet welfare agency.

We are young but growing rapidly and need skilled and motivated employees, affiliates and volunteers to help with our growth.

Our organization maintains the highest ethics and a commitment to extremely responsible fiscal management and programs that offer real world value.
